Summer 2014 Enrollment Report
Introduction

This report provides a look at the summer 2014 semester enrollment in categories such as student enrollment, location and demographics of the community college student population. The content and format of this report has been developed through a collaborative effort between the Wyoming Community College Commission and the Institutional Research Committee members representing the seven community colleges. Most of the tables relay data that have been tracked by both of the aforementioned entities for over 14 years.

The enrollment reports continue to evolve as new data sets are needed to meet federal mandates, as well as to meet current requirements of the state and community colleges. Changes that have been made to the *2014 Summer Enrollment Report* include:

- Table 7b: *Full-time Equivalent (FTE) by Program of Study* has been added to provide a look at FTE by academic, occupational and undecided categories of enrollment.

Pertinent information to keep in mind while reading this report include the following:

- Data in this report represent student enrollment when 12% of each course had been completed.
- Full-time designation is achieved by being enrolled in a minimum of twelve (12) credit hours in one semester.
- "Full-time equivalency means the number of approved academic or vocational-technical credit hours for each class for which students are enrolled divided by twelve (12)". W.S. 21-18-102 (a)(xii).
- "Duplicated headcount" means that within a survey or polling exercise of numerous programs and/or courses, a student may be counted more than once. WCCC Rules -2013
- "Unduplicated headcount" means that within a survey or polling exercise of numerous programs

For additional information and discussion regarding this report, please refer to the Wyoming Community Colleges Commission's meeting minutes for January 30, 2015 located on the Commission's website at <http://communitycolleges.wy.edu>.
